Review date	References : <ul style="list-style-type: none"> AS4024.1 Safety of Machinery; OHS Act (refer State / Territory) OHS Regulation (refer State / Territory) 		
Responsible supervisor	PPE and precautions	Competencies or qualifications	Licences or permits required
<i>Insert name in BLOCK letters</i>	<p>Do not wear anything loose that could catch in the moving parts such as sleeve cuffs, cuffed pants, scarves, loose long hair, rings or jewellery or gloves. Don't smoke</p> <p>Wear all required PPE such as</p> <input type="checkbox"/> Safety glasses <input type="checkbox"/>	Only operators who have been.	None.
 Safety glasses must be worn at all times in work areas.		 Appropriate footwear with substantial uppers must be worn	
 Warning Prior to the commencement of any work activity it is identified that the suggested risk control measures are not suitable or less than adequate and that major changes are required, a risk assessment is to be conducted and new controls nominated and implemented as per the risk management procedure.			
Pre Operational Safety Checks	<ul style="list-style-type: none"> Check the hammer before use. Look for firm attachment of the handle. Also check for splinters, loose wrapping, or other defect in the handle If the hammer has any defects or is wobbly, do not use it. 		
Safe Operational Use	<ul style="list-style-type: none"> Get a firm grip on the handle. This will ensure that you don't lose your hold on the hammer and have it flying out of your hand. Hold the hammer at the end of the handle <div style="display: flex; justify-content: space-around; align-items: flex-end;"> <div style="text-align: center;">  <p>Glancing Blow</p> </div> <div style="text-align: center;">  <p>Square Blow</p> </div> </div>
